SECURITY OF OFFICIAL INFORMATION

1. All members of a Headquarters, including all signal operators, signal office personnel and drivers of Headquarters cars are reminded that they are employed in a position of trust and are, therefore, under an obligation of secrecy.

2. No military information which may come to a person's knowledge as a result of employment at a Headquarters will be communicated to any person NOT employed at such Headquarters, except when necessary in the performance of duty. Information which may seem quite trivial may possibly give a clue to important military matters, with disastrous results to our forces. Everyone therefore, will make a definite rule NOT to mention any phase of their work to any person or to discuss any phase of their work with another member of the staff, when there is any possibility of being overheard. Particular discretion will be observed when talking on the telephone with regard to military affairs. Signal operators and signal office personnel, likewise all drivers of Headquarters cars, are warned that any conversations regarding military matters they may overhear during the performance of their duties must be treated as secret and confidential.

3. Members of a Headquarters will NOT communicate confidential or secret information to other members of the staff unless it is necessary for the proper performance of their duties.

4. The following are relevant extracts from the Official Secrets Act, 1911 (M.L.L. p. 898) and amended by the Official Secrets Act, 1920 (M.M.L. p. 900) which Acts of the United Kingdom apply to personnel of the Canadian Army (Overseas).

I. A person is guilty of a felony and liable to penal servitude for a term of fourteen years who for any purpose prejudicial to the safety or interests of the State,

- (a) Makes any sketch, photograph, plan, model or note which is calculated to be or might be or is intended to be directly or indirectly useful to the enemy;
- (b) Obtains, records, publishes, or communicates to any other person any secret official code word or pass word, or any sketch, photograph, plan model, article or note or other document or information which is calculated to be or might be or is intended to be directly or indirectly useful to any enemy;

II. A person is guilty of a misdemeanour and liable to imprisonment for a term of two years who,

- (a) Having in his possession any code word, pass word, sketch photograph, plan model, document or information, communicates such code word, pass word, sketch, photograph, plan, model document or information to any person, other than a person to whom he is authorized to communicate it, or a person to whom it is in the interest of the state his duty to communicate it;
- (b) Uses the information in his possession for the benefit of any foreign power or in any other manner prejudicial to the safety or interests of the State;
- (c) Retains any sketch, photograph, plan, model, article, note or document in his possession or control of when he has no right to retain it or when it is contrary to his duty to retain it, or fails to comply with all directions issued by lawful authority with regard to the return or disposal thereof;
- (d) Fails to take reasonable care of or so conducts himself as to endanger the safety of any sketch, photograph, plan model, article, note, document or information.

The attention of all ranks is drawn to Appx to 4 DRO #1338 dated 28 Dec 42 which is published as an appendix to this order.

5. DISCIPLINE- SAFETY PRECAUTIONS TO BE OBSERVED BY TROOPS WALKING OUT DURING THE HOURS OF DARKNESS

5-A

1. Owing to the regrettable number of accidents involving loss of life which have occurred during the hours of "blackout" it is considered desirable that the attention of all ranks should be drawn to the necessity of taking normal precautions when walking in public thoroughfares at night when off duty or on duty as individuals. It should be pointed out that drivers of vehicles are often unable to see pedestrians, particularly those dressed in Khaki, in sufficient time to avert an accident.

2. In places where no footway exists and it becomes necessary to walk in a roadway, pedestrians should walk on the right-hand side of the road, i.e., against the oncoming traffic and not on the left-hand side where there is always the danger of being run down from the rear by the overtaking traffic.

3. All traffic signals must be observed and thoroughfares crossed only at the appointed pedestrian crossings, when these are available.
