WAR DIARY

OF

THE PRINCESS LOUISE FUSILIERS 11 CIB SP GP

FROM 1 MAY 44 TO 31 MAY 44

VOLUME.....

40*75

APPENDICES 1 TO 5 less 2

353 MAY 1944 ORIGINAL

WAR DIARIES, C.A.S.F.
**Instructions for Compilation and
Despatch**

1. A War Diary is **SECRET**.

2. The War Diary takes the place of the Historical Record when on active service. (K.R. Can. Para. 1530). Its objects are: to supply authentic material for the history of the unit, and of the force; to furnish a historical record of operations; and to provide data upon which to base improvements in training, equipment, organization and administration.

3. Unless otherwise ordered, the original and duplicate copies are sent on the first day of the succeeding month, through the usual channels, to the A.G., 2nd Echelon, wherever that office may be. The triplicate copy may be held by the unit for three months and then forwarded, also through the usual channels, to A.G., 2nd Echelon.

4. Post-war disposal will be as under:

Original—retained at Ottawa for historical purposes.

Duplicate—to British Record Office for historical purposes.

Triplicate—to unit for custody with unit records.

5. The War Diary will be entered up daily on M.F.M. 11 and rendered monthly in triplicate (Mohn. Instr. for C.M. 1937. App. "C"). Each entry will be initialled by the officer detailed to keep the War Diary, which will be signed at the end of each month by the commander. (F.S.R. Vol. II, Sec. 35, para. 3 iii).

6. The following should be recorded daily as events occur:

(i) Important orders, instructions, reports, messages or despatches received and issued, and decisions taken. *Original documents* should be attached as appendices to the Original copy of the War Diary.

(ii) Daily map location, employment, movements and dispositions of unit headquarters and of batteries, companies, etc. March tables should be attached as appendices.

(iii) Important movements of officers and matters relating to the duties of each branch of the staff. A complete set of the *routine orders and instructions, Part I Orders*, issued by the unit during the month should be attached as an appendix to the original copy.

(iv) Detailed account of operations—to include:—Exact hour, location and circumstances of important occurrences. Movements and names of neighbouring units. Commanders of batteries, companies, etc., names of Officers and number of O.R. (i) engaged and (ii) battle casualties. Dispositions, activities and identity of enemy forces. Prisoners and trophies captured. Ammunition expended. Factors affecting operations, topographical and climatic. *Maps and sketches* showing dispositions of batteries, companies etc., at important phases. The record of *communications, both written and verbal*, received or despatched during active operations as an appendix. A complete set of the *operation orders and instructions* issued during the month. Notes on conferences and *reports* rendered to higher formations, or received from lower formations, as appendices to the original copy.

(v) Nature and description of trenches, field works or accommodation occupied or constructed. Meteorological notes.

(vi) Changes in establishment or strength. Names and ranks of officers and number of O.R. Attachment of units and individuals. Reinforcements. *Copy of Part II Orders and Weekly Field Returns of Officers and O.R.* should be attached as appendices to the original copy. Changes in organization, stores, transport, etc.

7. It is essential that all copies of both text and appendices are legible. Appendices will be numbered and referenced to the text in the last column of the form. Current issues of any regimental publication should be attached.

8. It will be found convenient at the end of each month, when the War Diary is being completed and the correspondence in unit files for the month is being reviewed and distributed (F.S.R. Vol. I, sec. 171, para. 3) if the material considered to be of historical value in the light of the above is attached as appendices to the original copy of the War Diary.

9. A good war diary makes possible the accurate and detailed reconstruction of circumstances, conditions and action.

NOTE: If monthly diary is more than one inch thick, use a second folder. If appendices are bulky, tie folder up with tape or string to make a firm package.

**PRESERVE IMPORTANT ORIGINAL
DOCUMENTS FOR POSTERITY: INSERT
THEM AS APPENDICES IN ORIGINAL
COPY OF WAR DIARY**

**THE EXTRACTION AND RETENTION OF APPENDICES, MAPS, ETC., FROM A WAR DIARY IS AN OFFENCE
UNDER THE OFFICIAL SECRETS ACT**

UNIT OFFICE FILING SYSTEM AND RECORDS

"Every office will arrange for the filing and custody of its own correspondence." (F.S.R. Vol. I. Sec. 171.3.)

1. *Titles and Numbering of Files.*

A simple filing system adaptable for use in any military office at home or in the field is illustrated by the "List of File Titles" overleaf.

All documents handled by a unit fall into one or other of the nine categories enumerated, 1 to 9. The titles of the nine main divisions are based on British army operations, organization, administration and the regulations governing. Each title may be broken down into ten component parts or sub-titles, by adding a dash and subsidiary numbers 0 to 9. In turn each of these may be further broken down by adding a second dash and a third digit, and if necessary a third dash and a fourth digit. Thus 4-7-3 might be "Cooking Course at Kingston." According to circumstances, a fighting unit would expand the 1-3 prefix to accommodate all arms and services with which it may be concerned

2. *Date reference.*

In giving communications a reference number, it is convenient to use the date system of four figures indicating day and month, e.g. 0102 for 1st February; 3010 for 30th October.

3. *Combined Numeration.*

If the systems outlined in paras 1 and 2 are combined, by placing the four date figures under the subject file numbers, a simple and informative method of reference results, thus

$$\begin{array}{r} 2-6-1 \\ \hline 0804 \end{array}$$

might be immediately identified as a communication dealing with replacement of gas masks, dated 8th April.

NOTE.—This method is not applicable to signal messages, A.F.C. 2128, which bear serial numbers 1 to 9999. The use of dashes eliminates confusion between serial numbers and file numbers.

4. *Documents for Preservation.*

The monthly review of correspondence (F.S.R. Vol. I, sec. 171.3) is facilitated and future confusion avoided by jacketing the material in "Category ii" (i.e., "no longer required", etc.) to conform with the system.

5. *Correspondence in the Field.*

The functioning of the office of a formation or unit during active operations may be simplified by keeping a log or register of all orders and messages, written or verbal, received or sent during the action. This may conveniently be done by extending the use of the "Field Register of Communications Received or Despatched", (Army Form 2040, F.S.R. Vol. I. sec. 171) to include verbal as well as written orders and messages in chronological order as received or sent.

Time of sending and of receipt are of importance second only to time of event, and should be entered both on the office copy of every field message or other document, and in the log or register. A carbon copy for contemporary reference of the commander or others concerned is desirable.

A brief précis of written orders, reports and messages, with the sender's number, is sufficient, for they will be kept on file. But particular care is necessary in making entries of times of moves and of verbal orders, reports or conversations, by telephone or otherwise, which in the stress of action, may not otherwise be recorded on paper. In battle, operations messages dealt with by one officer may number over twenty-five per hour for several hours on end.

The record should be kept convenient to the telephone. Entries may be made by a clerk, or by the officer on duty at the telephone.

Such a record is invaluable to the commander in making appreciations of the situation during the action, and in compiling his report on the action afterwards. It is contemporary evidence of the highest quality, and therefore is of the highest historical value, and should be attached as an appendix to the original copy of the War Diary, together with the original documents sent and received.

(Appendix to Routine Order No. 147 C.A.S.F.
22 Nov. 39).

UNIT STANDING ORDERS - ANTI-MALARIAL

The following orders will be adhered to by all ranks:-

1. The interior of all tents, nets and buildings used by this unit will be sprayed one hour before sunset each day.
2. The backs of trucks and cabs will be sprayed each evening by the driver.
3. Bush nets and bivouac tents (mosquito proof) will be rolled opened each morning; and let down each night one hour before sunset.
4. All personnel will use repellent ointment regularly during the evening.
5. Guards and sentries will wear veils and gauntlets from one hour before sunset until one hour after sunrise.
6. An empty .503 cartridge case or .45 cartridge case will be procured by all ranks. This will be used to carry the four day reserve of mepacrine.
This reserve will only be used when mepacrine is not available from their sources, and will be restocked by the Quartermaster.
7. Long trousers tucked in anklets, bush shirts, worn outside of trousers, neck buttoned and sleeves unrolled will be worn from one hour before sunset.
8. Anti-Malarial parade held at 1930 hrs will be attended by all ranks. This is a Coy parade.

1. CAM INSTRS - AREA "H"
1-A

1. It is of paramount importance that the cam policy in this area be such that there is no disclosure of cone, and even more important that the type of our fm is NOT made known to the enemy. The element of surprise must be preserve and to this end emphasis is, therefore, placed on concealment rather than dispersion. Siting and concealment will, therefore, be such that to the casual observer the extent of the coc is NOT apparent. This policy must be made known to all ranks.

2. The following instrs will be carried out:

- (a) Veh pks and kitchens will have overhead net covers.
- (b) Personnel will NOR conc at kitchens but will disperse immediately after drawing food.
- (c) Dishwashing containers will be located at least 100 yds from kitchen area.
- (d) Clothing and blankets will only be dried or aired under net.
- (e) Mov of personnel in the open will be kept to minimum.
- (f) After sunset blackout will be COMPLETE. No fires during hrs of darkness, no flashlights in unit lines, no veh lights in unit areas and half lights only on roads within the div area.
- (g) Tracks will be avoided at all costs on cultivated land and new tracks in unkt areas kept to a minimum. Individual tk tracks will be obliterated.

3. The following pts on cam drill are again drawn to your attention.

- (a) To be effective cam nets must distort the shape of the object and must, therefore, be raised from the hoods and draped as far as possible from the veh.
- (b) Nets do NOT hide 'shine'. Windshields and upturned shining faces must be covered.
- (c) Nets are only an aid. Advantage must be taken of natural cover and natural garnish.
- (d) CAM REQUIRES DAULY MAINT TO BE EFFECTIVE.

(10-3/ops-5 Div)

2. BLUE AIR LETTER FORMS
2-A

1. Effective 24 Apr 44 the present restrictions on the use of blue air letter forms by Cdn Forces in this theatre will be lifted and forms will be available at all Cdn FPOs.
2. The regular issue made through S & T channels will not be affected and will continue as formerly.
3. To prevent waste, these forms will be sold with stamps affixed, or where not practical an equal amount of stamps will be sold to cover cost of postage. Under no conditions will these forms be issued by the FPO without an equal number of 3d stamps.
4. There is no restriction on the number purchased, however it must be realized sups are not unlimited and large original purchases may deplete present stocks, resulting in a shortage until the next shipment is received from the UK. All ranks should be instructed that purchases are to be made to cover current requirement only.

2-A

1. Attention is directed to 1 CRO 202 dated 17 Apr 44, and in particular to Paras 2 and 3 thereof, which are quoted hereunder for infm:

"A salute made to two or more offr's in a street or other public place out of doors will be returned by all the offr's saluted. In camp, unit lines, or on parade, the salute will be returned by the senior officer only.

"When two or more Brit offr's meet an Allied Offr or Offrs, all Brit offr's will either salute or acknowledge the salute of the Allied offr's, as the case may be. The rank of the Brit or Allied offr's is immaterial. The badges of rank of Allied Mil Offrs should be studied by all ranks.

(5 DRO/154)

1. BREACHES OF CENSORSHIP
1-A

1. Cases have recently been brought to notice that officers travelling to UK by air have taken home with them, on behalf of other officers, mail which had not been passed by the base censor in this theatre.

2. This is contrary to censorship regulations. These regs which form an appendix to 1 CRO 35 state specifically:-

"It is forbidden to transit or carry private correspondence for posting or delivery outside this theatre unless such communications have been examined and passed by Base Censor. Unit censorship and the fixing of the unit stamp is not sufficient.

3. On leaving this theatre all ranks will be required to sign a certificate as follows:-

" I hereby certify that I am not carrying out of this theatre any personal communications or documents which have not been passed by a Base Censor. I further certify that all such matter carried bears the impression of the official Base Censorship Stamp".

4. Mail carried in the contravention of these orders is intercepted in the UK either at the arrival Airport or in transit. It is then examined and returned to this theatre, opened.

5. Officers who carry such mail and those who send mail home are contravening security orders and are liable to disciplinary action unless the mail has first been examined and passed by Base Censor.

1. PREPARATION OF FRUIT AND VEGETABLES

1-A

1. The common practice of manuring crops grown in this country with human excreta renders fruit and vegetables liable to contamination with germs and disease.

2. The following precautions will be followed in the consumption of fresh fruits and vegetables.:-

(a) The following will be cooked before eating:-

Turnips	Cauliflower	Peas
Artichokes	Spinach	Beans
Pumpkin	Broccoli	Potatoes
	Cabbage	

(b) The following may be eaten raw if thoroughly washed and peeled:-

Onions	Carrots	Apples
Radishes	Cucumbers	Oranges

(c) The following if eaten raw will be washed first and then soaked 30 mins in a solution of one scoopful of Water Sterilizing Powder to a gallon of water then rinsed in clean chlorinated drinking water:-

Tomatoes
Lettuce)
Cabbage) Broken up into single leaves first
Celery- Broken up into single stalks

(1 CRO / 246)

2. AIR LETTERS AND GREEN ENVELOPES - BASE CENSORSHIP

2-A

1. In future all ORs air letters will be subject to same censorship regs as ordinary Green Envelopes. They will not be uncensored.

2. Officers will continue to frank their own air letters.

3. Where ordinary air letters are used the Green envelopes certificate will be overprinted on the back under firm or unit arrangements, or written on by the sender.

4. The postage rate remains at 5d., and the scale of issue will remain at three air letters per man per two weeks.

5. The scale of issue of Green envelopes is reduced to one per man per two weeks.
