WAR DIARIES, C.A.S.F.

Instructions for Compilation and Despatch

1. A War Diary is **SECRET**.

2. The War Diary takes the place of the Historical Record when on active service. (K.R. Can. Para. 1530). Its objects are: to supply authentic material for the history of the unit, and of the force; to furnish a historical record of operations; and to provide data upon which to base improvements in training, equipment, organization and administration.

3. Unless otherwise ordered, the original and duplicate copies are sent on the first day of the succeeding month, through the usual channels, to the A.G., 2nd Echelon, wherever that office may be. The triplicate copy may be held by the unit for three months and then forwarded, also through the usual channels, to A.G., 2nd Echelon.

4. Post-war disposal will be as under:

Original—retained at Ottawa for historical purposes.

Duplicate—to British Record Office for historical purposes.

Triplicate—to unit for custody with unit records.

5. The War Diary will be entered up daily on M.F.M. 11 and rendered monthly in triplicate (Mobn. Instr. for C.M. 1937. App. "C"). Each entry will be initialled by the officer detailed to keep the War Diary, which will be signed at the end of each month by the commander. (F.S.R. Vol. II, Sec. 35, para. 3 iii).

6. The following should be recorded daily as events occur:

- (i) Important orders, instructions, reports, messages or despatches received and issued, and decisions taken. *Original documents* should be attached as appendices to the Original copy of the War Diary.
- (ii) Daily map location, employment, movements and dispositions of unit headquarters and of batteries, companies, etc. March tables should be attached as appendices.
- (iii) Important movements of officers and matters relating to the duties of each branch of the staff. A complete set of the *routine orders and instructions, Part I Orders*, issued by the unit during the month should be attached as an appendix to the original copy.
- (iv) Detailed account of operations—to include:—
Exact hour, location and circumstances of important occurrences. Movements and names of neighbouring units. Commanders of batteries, companies, etc., names of Officers and number of O.R. (i) engaged and (ii) battle casualties. Dispositions, activities and identity of enemy forces. Prisoners and trophies captured. Ammunition expended. Factors affecting operations, topographical and climatic. *Maps and sketches* showing dispositions of batteries, companies etc., at important phases. The record of *communications, both written and verbal*, received or despatched during active operations as an appendix. A complete set of the *operation orders and instructions* issued during the month. Notes on conferences and *reports* rendered to higher formations, or received from lower formations, as appendices to the original copy.

(v) Nature and description of trenches, field works or accommodation occupied or constructed. Meteorological notes.

(vi) Changes in establishment or strength. Names and ranks of officers and number of O.R. Attachment of units and individuals. Reinforcements. *Copy of Part II Orders and Weekly Field Returns of Officers and O.R.* should be attached as appendices to the original copy. Changes in organization, stores, transport, etc.

7. It is essential that all copies of both text and appendices are legible. Appendices will be numbered and referenced to the text in the last column of the form. Current issues of any regimental publication should be attached.

8. It will be found convenient at the end of each month, when the War Diary is being completed and the correspondence in unit files for the month is being reviewed and distributed (F.S.R. Vol. I, sec. 171, para. 3) if the material considered to be of historical value in the light of the above is attached as appendices to the original copy of the War Diary.

9. A good war diary makes possible the accurate and detailed reconstruction of circumstances, conditions and action.

NOTE: If monthly diary is more than one inch thick, use a second folder. If appendices are bulky, tie folder up with tape or string to make a firm package.

PRESERVE IMPORTANT ORIGINAL DOCUMENTS FOR POSTERITY: INSERT THEM AS APPENDICES IN ORIGINAL COPY OF WAR DIARY

THE EXTRACTION AND RETENTION OF APPENDICES, MAPS, ETC., FROM A WAR DIARY IS AN OFFENCE UNDER THE OFFICIAL SECRETS ACT

UNIT OFFICE FILING SYSTEM AND RECORDS

"Every office will arrange for the filing and custody of its own correspondence." (F.S.R. Vol. I. Sec. 171.3.)

1. *Titles and Numbering of Files.*

A simple filing system adaptable for use in any military office at home or in the field is illustrated by the "List of File Titles" overleaf.

All documents handled by a unit fall into one or other of the nine categories enumerated, 1 to 9. The titles of the nine main divisions are based on British army operations, organization, administration and the regulations governing. Each title may be broken down into ten component parts or sub-titles, by adding a dash and subsidiary numbers 0 to 9. In turn each of these may be further broken down by adding a second dash and a third digit, and if necessary a third dash and a fourth digit. Thus 4-7-3 might be "Cooking Course at Kingston." According to circumstances, a fighting unit would expand the 1-3 prefix to accommodate all arms and services with which it may be concerned.

2. *Date reference.*

In giving communications a reference number, it is convenient to use the date system of four figures indicating day and month, e.g. 0102 for 1st February; 3010 for 30th October.

3. *Combined Numeration.*

If the systems outlined in paras 1 and 2 are combined, by placing the four date figures under the subject file numbers, a simple and informative method of reference results, thus

$$\begin{array}{r} 2-6-1 \\ \hline 0804 \end{array}$$

might be immediately identified as a communication dealing with replacement of gas masks, dated 8th April.

NOTE.—This method is not applicable to signal messages, A.F.C. 2128, which bear serial numbers 1 to 9999. The use of dashes eliminates confusion between serial numbers and file numbers.

4. *Documents for Preservation.*

The monthly review of correspondence (F.S.R. Vol. I, sec. 171.3) is facilitated and future confusion avoided by jacketing the material in "Category ii" (i.e., "no longer required", etc.) to conform with the system.

5. *Correspondence in the Field.*

The functioning of the office of a formation or unit during active operations may be simplified by keeping a log or register of all orders and messages, written or verbal, received or sent during the action. This may conveniently be done by extending the use of the "Field Register of Communications Received or Despatched", (Army Form 2040, F.S.R. Vol. I. sec. 171) to include verbal as well as written orders and messages in chronological order as received or sent.

Time of sending and of receipt are of importance second only to time of event, and should be entered both on the office copy of every field message or other document, and in the log or register. A carbon copy for contemporary reference of the commander or others concerned is desirable.

A brief précis of written orders, reports and messages, with the sender's number, is sufficient, for they will be kept on file. But particular care is necessary in making entries of times of moves and of verbal orders, reports or conversations, by telephone or otherwise, which in the stress of action, may not otherwise be recorded on paper. In battle, operations messages dealt with by one officer may number over twenty-five per hour for several hours on end.

The record should be kept convenient to the telephone. Entries may be made by a clerk, or by the officer on duty at the telephone.

Such a record is invaluable to the commander in making appreciations of the situation during the action, and in compiling his report on the action afterwards. It is contemporary evidence of the highest quality, and therefore is of the highest historical value, and should be attached as an appendix to the original copy of the War Diary, together with the original documents sent and received.

(Appendix to Routine Order No. 147 C.A.S.F.
22 Nov. 39).

DISCIPLINE ON TP TRAINS

4 (a) There has been two recent cases of serious infractions of discipline on repat trains proceeding from NIJMEGEN to OSTEND. Action has been taken by Army HQ to re-call to the continent from the UK OIC train and the OSIC each of the four drafts. On arrival, these offrs will face a court of inquiry to find out why they did not exercise control over the tps under their comd.

(b) It is unnecessary to point out that the repat and demob of these offrs will be considerably delayed as a result of the failure to carry out their responsibilities.

(c) Action is being taken to institute a disciplinary screening point before all future tp trains reach the port of embarkation.

(d) In future, trouble will result in the offrs and NCOs being removed from the tp train and returned to 4 Bn 2 CBRG where disciplinary action will be taken against them.

(e) The contents of this letter will be made known to all ranks of all units immediately.

CAMPAIGN MEDALS

5 (a) The War Office has now advised that there is no objection to the ribbon of the 1939/45 Star, Burma Star, Italy star or France and Germany Star being issued immediately to qualified personnel in straightforward cases, prior to the publication of the relevant ACT. It should be clearly understood that such issue is entirely provisional and the continued wearing of the decoration will be subject to the verification of individual claims as laid down in the ACT when it appears.

7 BURMA STAR, ITALY STAR OR FRANCE AND GERMANY STAR

(a) To qualify for the above awards, recipients must have previously qualified for the 1939/45 Star as set out above. They then qualify for the appropriate theatre star by entry into op service (ie, service of one day or less in the op comd provided they have been posted to it)

(b) An exception to the rule set out in (a) is that individuals who enter into op service for the first time during the last six months of the war in Europe will be awarded the Italy and/or France and Germany Star without having qualified for the 1939/45 Star.

1. It has been found that parcels continue to arrive for personnel who have left the theatre some considerable time ago. This necessitates redording, redirecting and disposing of such parcels, thus imposing an extra burden on a service which is already working to capacity.
2. The attention of all ranks is directed to the advisability of their informing, as early as possible, all friends and relatives in Canada, from whom they may receive parcels, that such parcels should no longer be despatched. It is appreciated that an individual may not have sufficient prior notice to forstall the arrival in the theatre of certain parcels, but when the approximate date of departure from the theatre is known advice should be given to avoid, if possible, the despatch of parcels which cannot be delivered.

4. DRESS-IRREGULARITIES

1. Altertation to the Battel Dress Blouse by other ranks which prevent it being buttoned up to the top when the tie is not worn is forbidden.
2. The cost of remodelling blouses, battledress, which have been altered in this way will be charged to the individuals responsible.

5. CIGARETTES-ON LEAVE TO SCOTLAND

1. Auxiliary Services in Edinburgh report that large numbers of Canadians on leave are requesting issues of cigarettes. There is neither authority for such issues nor stocks available in Edinburgh to meet these requests.
2. Under Provisions of Cdn RO (21 A Gp) No. 945 personnel on leave in UK from NWE may purchase cigarettes by personal application to :

CIGARETTES SUPS FROM EFI

- 1 It is unfortunately necessary to reduce the ration of cigarettes available from EFI from 75 to 60 per man per week. This will be affective from 23 July 45 until further arrangements can be made.
- 2 This reduction is equally accliplable to all tps in this theatre, and the reduction will affect all theatres.
- 3 The reason which make the reduction necessary are
 - (a) A reduction in exports to Uk from America. This is due to shortage of lab and packing for expert and not actually due to shortage of tobacco.
 - (b) The build up of Brit Forces in the Far East Necessitates the sup of cigarettes to that theatre be stepped up before the sup to this theatre can be propertienately reduced.
 - (c) Further cuts can not be made in the civ market in the UK in order to provide for forces overseas.
- 4 All cigarettes will be sold on a rationed distribution through bulk issue stores. None will be sold in clubs, static canteens or mob canteens.
- 5 Neither the free issue of 50 cigarettes per week made by the R A S C ner the Cdn purchase arrangements from the Cdn Tobacco Dep are affected.
